# BLOCK-IT* Floor Underlayment Installation Instructions

**STEP 1**

Sweep clean and remove all debris from sub floor.

STEP 2

Run the first sheet of Kimberly-Clark BLOCK-IT* Floor Underlayment along the longest wall in the room positioning the gray textured side facing up. If desired, place only enough staples along the wall to keep underlayment flat.

STEP 3

Lay out each additional row of Kimberly-Clark BLOCK-IT* Floor Underlayment with the additional row edge underneath the previous row seams. If desired, use tape along the row seams.

STEP 4

Lay flooring directly over the top of Kimberly-Clark BLOCK-IT* Floor Underlayment according to flooring manufacturer installation instructions.
